ABOUT ME

Hello, I'm Mohi Uddin, an experienced web developer proficient in HTML, CSS, JavaScript, React.js, Node.js, Express, MongoDB, Firebase. Specializing in creating responsive web pages, I aim to understand clients' needs and help bring their dream websites to life. Let's collaborate to create something exceptional!

TECHNICAL SKILLS

Skilled in front-end development using HTML, CSS, JavaScript, and React for responsive web apps. Proficient in JavaScript, HTML5, CSS3, Git/GitHub for version control, and familiar with design principles and frameworks like Tailwind CSS, DaisyUI, Flowbite, and Material-UI.

PROJECTS

Asset Management is a web application where users can apply for take cars services and anyone can visit. It is built using React and Tailwind technologies.

INTERESTS

Traveling: A passion for exploring new places and cultures.

Continuous Learning: Eager to learn new technologies and methodologies in web development.

PERSONAL QUALITIES

Problem Solver: Excellent at identifying issues and implementing effective solutions.

MULTILINGUAL COMMUNICATOR

Multilingual Communicator: Ability to communicate effectively in multiple languages.
